TOPEKA, KANSAS, AUGUST 10, 1909.

TUESDAY EVENING.

TWO CENTS

STORY COMES OUT

The Evidence on Which the Wife of Frank J. Gould

Is Basing Her Petition for Divorce Is Made Public.

GIGANTIC ACTRESS.

A British Blonde Is Named as Correspondent.

Was Recipient of Jewels and a \$3,000 Check.

New York, Aug. 10.—Helen Kelly Gould, wife of Frank J. Gould, will apply to the supreme court within a few days for the entry of a final decree granting her an absolute divorce. The statutory limit of ninety days that must elapse between the signing of an interlocutory decree and the final one will end on August 15, and before that date the formal application will be submitted to the court so as little time as possible may be lost.

Ever since the practice of trying divorces suits before referees and behind closed doors has come into vogue persons of means and influence have adopted this course to conceal from the public the facts relating to their marital entanglements.

A copy of the testimony in this Gould case has been secured from another source, however, and will be published.

Gigantic Actress Named.

The testimony adduced before E. G. Whitaker, referee, established to the satisfaction that Frank J. Gould had misappropriated himself at the Shoreham, a hotel at 308 West Fifty-eighth street, formerly known as Le Baron, with an English actress named Rose Winter, who has appeared on the stage several times in this country.

Mrs. Winter, as she was known at the hotel, where she had a small but handsomely furnished suite, is described by persons who have seen her on the stage as a blonde, almost six feet tall, Frank Gould falls short of that elevation by five inches. She had small roles in "The Belle of Mayfair," where she appeared as a Gibson girl, and in "The Prince of Wales."

In her complaint, Mrs. Gould named another woman besides Mrs. Winter, but the complaint was amended and the proof confined to the actress. As the complaint stood originally it charged Gould with misconduct on several occasions at many places which he visited in his yacht.

Gave Her \$3,000 Check.

The most important witness for Mrs. Gould was George H. Taylor, an intimate friend of Frank Gould, who accompanied him on several occasions to his apartment. Taylor told of many presents Gould made to the Winter woman, including a check for \$3,000 and a diamond studded gold mesh purse.

In her complaint, Mrs. Gould forced him to tell all he knew. "Cornelius J. Sullivan, Frank Gould's counsel, conducted the proceedings in his behalf before the referee, but his cross-examination of the witnesses, who included a bell-boy and the waiter at the Shoreham hotel, was perfunctory. He did not cross-examine Taylor at all."

Taylor testified that he went twice with Gould after 12 o'clock at night and called on Mrs. Winter. Following are some of the vital parts of Mr. Taylor's testimony:

"How was Mrs. Winter dressed on both these occasions that you left Mr. Gould there?"

"In a wrapper—a peignoir."

"This wrapper, was it transparent, made of tulle, or of some other material?"

"It was of thin material."

"By the referee—'Extremely negligee'?"

"Yes."

Wrapper Was Transparent.

"Could you see through it?" "Yes."

"By the referee—Did she have any jewelry on?" "Yes."

"I don't think she had."

"By counsel—I shall have to ask you, Mr. Taylor, whether on any of these occasions you noticed while you were present Mrs. Winter and Mr. Gould kissing each other?" "Yes."

"Was that so on each of these occasions that you were there?" "I think so."

"Did you ever notice Mrs. Winter sitting on Mr. Gould's knee?" "Yes."

"Was it a frequent occurrence on each of these visits?" "Yes."

"Now, in the amended complaint, Mr. Taylor, it is alleged that the defendant made valuable presents to Rose Winter, and among other things gave her a jeweled ring and also gave her a gold purse or bag. I will ask you whether you know anything about that?"

"I know that he gave her a jeweled bag and a ring."

"Describe whether this gold bag was expensive or inexpensive in appearance."

"It was a jeweled bag with sapphires and diamonds."

Check for Trip to Europe.

"It is further alleged that during this period the defendant gave Rose Winter sums of money, including one item of \$3,000. What do you know about that?"

"It was a check for \$3,000 which he had given her."

"State what he said as to what the object of giving her this check for?"

"For her to go to Europe with."

"Was this check drawn on the Bank of New York?" "Yes."

"How long after?"

"My recollection is that it was the next week."

Taylor Voluntary Adviser.

"At Mr. Gould's request did you give

THEY FOUGHT IT OUT.

Husband and Wife in Duel With Pistols and Knives.

Chicago, Aug. 10.—After locking their children in a bedroom and fastening all the doors of their flat so that the neighbors could not enter in a hurry, Antonio Spiziziri and his wife Anna went into the darkened parlor and tried to kill each other. The woman was shot twice and stabbed twice and died before the police arrived. The husband was shot twice also and probably will die.

A revolver and a knife were found near the sofa where the woman lay dead and another revolver was found beside the husband's body. Spiziziri, when the police finally broke into the room, tore into his letter which was lying by him. This letter was Italian and he thought he was jealous of his wife.

YOUNG TEDDY TO FLY.

He Gives Up Carpet Weaving for Aeronautics.

New York, Aug. 10.—Theodore Roosevelt, Jr., temporarily abandoning the carpet manufacturing business in Connecticut, has come to New York to arrange for learning more about aeronautics. He lunched with A. Holland Forbes, acting president of the Aero Club of America and will file an application for membership this week.

Young Roosevelt has determined to go in for the sport and may purchase a balloon. At any rate, he will apply for a pilot's license, to qualify for which requires ten trips in a balloon.

WORKING AT NIGHT.

Construction of White House Addition Is Being Rushed.

Washington, Aug. 10.—Night work has begun on the addition being built to the executive offices at the White House. Three shifts are now working until the addition is completed.

In the old tennis court now being excavated one of the workmen found yesterday buried in the clay a depth of four or five inches a tennis ball. He pocketed it as a souvenir, saying as he did so:

"I'll bet Teddy himself drove that one into the ground."

LEG ON THE PILOT.

It Leads to the Discovery of Two Dead Bodies.

Chicago, Aug. 10.—The gruesome discovery of the leg of a man on the pilot of a Baltimore & Ohio railroad engine here today led to the finding of two mangled bodies of two men, James E. O'Connor, a boiler-maker employed in the Illinois Central railroad shops at Burnside, Ill., and his helper, Dennis Crowley. The men lived together and were presumably on their way home early today when they were struck by the engine.

GREEK FLAG DOWN.

Affairs of Crete Will Be Settled by the Powers.

Gaza, Island of Crete, Aug. 10.—The Greek flag, which was run up over the fortress and the Cretan military barracks here on July 27, the day after the evacuation of the island by the international troops, has been lowered as a result of the protests of the four protecting powers.

BACK TO THE MINORS.

Tom Hughes and Otis Clymer Will Go to Minneapolis.

Washington, Aug. 10.—Tom Hughes and Otis Clymer of the Washington ball team, valets on whom were obtained some time ago, will join the Minneapolis team of the American association.

SMOKER MEN STRIKE.

Pueblo, Aug. 10.—Five hundred employees of the local zinc smelter, the largest zinc smelter of the American Smelting and Refining company, and the only one which has been running continuously at full force in the city since the panic of 1907, have gone on strike. The men demand an increase of 25 cents a day.

MUSHROOM WEIGHS 43 POUNDS.

Trenton, N. J., Aug. 10.—Edward B. Sterling of this city has discovered in the outskirts of the town the largest specimen of mushroom on record. It weighs 43 pounds, is 12 inches in height and measures 105 inches in circumference.

Weather Indications.

Chicago, Aug. 10.—Forecast for Kansas: Generally fair tonight and Wednesday.

SAW HIM SHOT.

A New Witness Appears in the Sutton Case.

Sergeant Todd Says He Witnessed the Killing.

VICTIM WAS RUNNING.

Heard a Voice Say: "Stop or I Will Shoot."

Then Shot Was Fired and He Ran to the Body.

Boston, Aug. 10.—In an interview attributed to Sergeant Arthur Todd of the United States marine corps, and made public today in the Post, it is stated that if he should be called in the investigation of the death of Lieutenant James Sutton, his testimony would be exactly opposite to that given by Sutton's fellow officers.

TO START TRAINING.

Stanley Ketchel Will Go to New York This Week.

New York, Aug. 10.—Stanley Ketchel, who will fight Sam Langford, ten rounds at Wakefield stadium here on September 3, is expected in New York before the week is over. Quarters have already been retained for him in West Chester county, and he will start heavy training immediately on his arrival. Langford has already gone into training at Boston and will not arrive here until a day or two before the fight.

In anticipation of the demand for tickets, seats have been arranged about the ring to seat 2,000 persons and it is expected that more than twice that many persons will try to get into the building. The club has 2,000 members on its rolls, but usually only about one-third of them witness a fight.

If Ketchel can get himself into the condition he was in when he whipped Jack O'Brien, the last time, he will have a large following, but if his condition is stale, most of the money is quite certain to be won by his ducky opponent. For that reason, the training of Ketchel will be closely observed by sporting men and the man who has their money on Ketchel want to be certain that he is in prime condition when he enters the ring. Langford is said to be training faithfully and while he has never tackled a fast, aggressive slugger of the Ketchel type, he is confident that his science and his heavy hitting will make the Michigan man slow up in four or five rounds.

HOT FIGHT FOR PLACE.

Three Cities Are After the Next I. T. U. Convention.

St. Joseph, Mo., Aug. 10.—One of the hottest fights in its history is being waged by delegates to the International Typographical union over the location of next year's convention.

Salt Lake City, Minneapolis and Atlanta are the candidates and the nominations will be placed before the convention at Wednesday night. The selection will be made Thursday.

STORM WARNING.

Another Hurricane Is Sweeping Toward the Texas Coast.

New Orleans, La., Aug. 10.—Storm warnings for the Texas coast were issued at the New Orleans weather bureau at 10 o'clock this morning. A storm apparently of marked intensity is now central over the Gulf, south of the mouth of the Rio Grande, and is moving northward. Conditions make it unsafe for ships in the middle and western portions of the Gulf.

PLAYING THE GAME.

Keep Your Eye on the Dealer While the Square Deal Is Going On.

CHEERS FOR PINCHOT.

He Is Given an Ovation by the Irrigation Congress.

Spokane, Wash., Aug. 10.—Gifford Pinchot evidently found out where he stands at the national irrigation congress when the 1,200 delegates in the big national assembly gave him an ovation lasting fully five minutes and winding up with a burst of three cheers. This was the wildest reception yet accorded a speaker before the congress. He went immediately into his subject giving as he announced it a stewardship of his duties for the last year. He was preceded by T. J. Allen, of the forestry service, who demanded that if the west is to preserve its forests there must be state laws and men to enforce them. This speech was heartily seconded by Mr. Pinchot who in furthering this sentiment paid a strong tribute to former President Roosevelt.

LIGHTS WENT OUT

Electric Storm Sweeps Down on Salt Lake City

And Leaves the G. A. R. Veterans in the Dark.

POLITICS IS ACTIVE.

Many Candidates for Head of the Various Orders.

Modocs Arrive and Create a Sensation on the Streets.

Salt Lake City, Aug. 10.—On the second day of the forty-third annual encampment of the Grand Army of the Republic, one begins to catch glimpses of the more serious purposes which have drawn the army and its auxiliaries together. The holiday-making and general fellowship are still uppermost, but the wheels are going round and the creak of the administrative machinery may be occasionally heard.

Fresh arrivals continue to swell the ranks of the invaders.

"Whom are you for?" and "What place are you for?" are the questions that greet each newcomer.

"Whom are you for?" refers to the friendly fight between ex-Governor Van Dusen of Minnesota and Judge William A. Ketchum of Indiana for the chief command. "What place are you for?" has to do with the spirited contest between Atlantic City and St. Louis for the forty-fourth encampment. A partial poll taken last night is said to have shown 100 Van Dusen votes out of a total of about 400. The Ketchum manager conceded 100 votes, claiming 100 and calls the remaining 200 doubtful.

As between Atlantic City and St. Louis, the issue is even more uncertain. The retiring commander, Henry M. Nevins, is exercising his influence in favor of the seaboard city, and the ambition of Denver to secure the 1911 location may also count against St. Louis.

There is a triple contest for the national presidency for the Woman's Relief corps, with Mrs. Jennie I. Berry of Iowa, Mrs. Belle Harris of Kansas and Mrs. Melina Caylor of Indiana, as the candidates. The greatest confidence is shown by the followers of Mrs. Berry.

The council of the Ladies of the Army of the Republic, the Andersonville prison board, the council of the Daughters of Veterans, the council of the Relief Corps, the National Press correspondents and the National Association of ex-Union prisoners held meetings today. The meetings of the Association of Army Nurses are being entertained at Salt Lake.

Mountain Storm Comes Up.

A genuine mountain storm last night produced some unwelcome electrical effects. Visitors thronged the streets waiting the spectacular parade of the white glare of lightning, torrents of rain drenched the crowd and the decorations. There was an unceremonious dash for shelter and the parade was abandoned. Within 20 minutes it was all over. Stars studied the skies and the street lamps twinkled as eerily as before.

Men Teachers Passing

Decrease of 28 Per Cent in Ten Years in Kansas.

It looks as though the men school teachers of Kansas had rather raise crops and rear children of their own than to spend their time with other people's children and profits. According to the records at the office of the Superintendent of Public Instruction Fairchild, in the last ten years the decrease of men teachers has been 28 per cent and the drop is steady every year.

Looking over the records at the office this morning it was found that the list of county superintendents this year included 42 women. This is an increase of five women superintendents over last year and a remarkable thing to happen in such a short time. Column after column has been written concerning the lack of men teachers in the state but nothing will leave an impression like a 15-minute sparkling psychological lecture from Superintendent Fairchild in his cool easy office.

FLEW OVER THE ALPS.

The Balloon Sirius Thought to Have Been Lost Is Heard From.

Chamonix, France, Aug. 10.—The balloon Sirius, which was flying over the Alps, the ship left here Sunday under the pilotage of M. Spelterine with three passengers. Fears were entertained for the voyagers' safety, but they have been dispelled by the receipt of a report that they have landed safely near Locarno, at an altitude of 5,400 feet. The four men, however, still have a dangerous path to cover on foot into Locarno.

GRADY TO LITTLE ROCK.

Famous Big League Player to Southern League.

Little Rock, Ark., Aug. 10.—The Little Rock Southern League club has signed Mike Grady, the former Philadelphia and St. Louis National League player. Grady's last engagement was in the Tri-State league.

CHANGE IN MONEY

Government to Systematize General Scheme of Bills.

Possibility That Size Will Be Greatly Reduced.

MAY ABOLISH \$2 BILL

Photograph of Grover Cleveland to Appear on \$10 Notes.

Scheme Contemplates Uniformity of Entire Paper Issue.

Washington, Aug. 10.—Several important changes in the designs on the paper money of the country are to take place soon.

Secretary MacVeagh, Assistant Secretary Norton and Director Ralph of the bureau of engraving and printing have under consideration a general scheme for systematizing the designs of all issues of paper money in such a manner that the same portraits and emblems will appear on all notes of the same denomination.

It can be stated authoritatively that a portrait of the late Grover Cleveland soon is to appear on all \$10 bills.

Distinctive designs for \$1, \$5, \$20, and \$50 bills, and perhaps those of even higher denominations, have been prepared. The \$2 bill may be abolished, it is reported. If the \$20 bill is retained, it is certain that its design will be such as to make it stand out from a pile of \$1 or \$5 bills with a prominence that will permit of no mistake in its handling.

Some treasury officials are inclined to favor even a more radical change, and recommend that paper money be reduced to about the size of the French and Italian notes of smaller denominations. These notes are about three-fifths the size of the American kind, and are more convenient to handle.

ORA TURNER IS HELD.

Charged With the Murder of Roy Snyder of Raymond.

Lyons, Kan., Aug. 10.—The preliminary hearing of Ora Turner of Raymond, charged with the killing of Roy Snyder, July 14, was held here. Miss Otto testified that Snyder left her home about 11:15 o'clock at night and that she heard five shots soon after in the distance. Coroner Bentley testified finding five bullets in the body of Miss Otto testified that Turner had made threats because she would not cease her friendship with Snyder.

Roy Snyder was found dead in the road leading from Lyons the morning of July 15. He was last seen alive the night before when he left the home of Miss Otto on whom he had called.

IF HE BEATS THE CUBS.

Lew Moren's Father Will Give Him \$500 Bonus.

Cincinnati, O., Aug. 10.—Lew Moren, a pitcher with the Philadelphia, has been made a new offer by his father. Instead of getting a crisp \$100 bill for every game he wins, the youngster will receive \$500 for every game in which he beats the Cubs. The offer is made by his father, who is so anxious to see the Pittsburgh club win the pennant that his new offer has been made.

UMPIRE'S RIBS BROKEN.

Fitzgerald of Southern League Injured by Foul Ball.

Memphis, Tenn., Aug. 10.—After waiting two weeks thinking he was a victim of appendicitis, Southern League umpire Dan Fitzgerald submitted to medical examination yesterday, resulting in the discovery that several ribs had been broken, one from the breast bone. A foul tip in a game in Birmingham caused it.

BERGER TO THE WEST.

Jeffries' Manager to Investigate the Chances of a Fight.

New York, Aug. 10.—Sam Berger will make a trip to the west this week to see if he can close a deal for a bout between Jim Jeffries and Jack Johnson. Berger states that the outcome of Johnson's bout with Ketchel will be awaited before any definite arrangements are made.

FIGHT ON IRISH SOIL.

Dublin Raising \$50,000 to Get Championship Battle.

London, Aug. 10.—The Sportsman prints a report from Dublin that a movement is afoot to raise a purse of \$50,000 to have Johnson and Jeffries fight in Ireland. The paper doubts the probability of the two pugilists ever meeting.

Another Hot Day.

The weather bureau announces that the temperature got down to 72 last night. Any city dweller who tried to sleep, would guess nearer 100. The highest temperature yesterday was 91. It had that beaten at 2 o'clock today. The forecast is "generally fair tonight and Wednesday." This afternoon the wind is blowing 10 miles an hour from the south, and the hourly temperatures are recorded thus:

GRADY TO LITTLE ROCK.

Famous Big League Player to Southern League.

Little Rock, Ark., Aug. 10.—The Little Rock Southern League club has signed Mike Grady, the former Philadelphia and St. Louis National League player. Grady's last engagement was in the Tri-State league.

THEIR LAST CHANCE.

Indians From Everywhere Are Flocking to State of Washington.

Spokane, Wash., Aug. 10.—At the last great council of the Indians on the south half of the Colville reservation, to be held in September, of 1909, Indians will have their last chance to gain admission to the tribe by adoption and so obtain allotments of land on the reserves. As a result it is stated that many of the Indians of the Colville reservation, from the Snake and the Kootenai, from nearly all states west of the Rockies, Chief Barnaby, it is said, realizes that his once powerful nation is about to be lost in the maelstrom of civilization. When he dies it is predicted the government will recognize no other chief.

HAVE SCOUTS AT WORK.

How Big League Teams Keep on Looking for Youngsters.

New York, Aug. 10.—Men known as scouts are now being sent by the major league baseball clubs to secure new talent. In the American league, the Highlanders have Arthur A. Jones, Duke Farrell and Eugene McCann scouring the country. The Browns have the veteran, John J. Connon on the lookout. Ted Sullivan said to be the agent of the White Sox and Deacon Jim McGuire is scouting for Cleveland. The Detroit club scouts are Frank Dwyer and Jimmy Callahan, while Mike Cantillon, a brother of the Washington manager, is working in the interests of the Senators. Connie Mack of the Athletics has a half dozen secret scouts at work in the West and he has strings tied to more than one hundred minor league players. The Boston Red Sox have several scouts at work at least one in each of the parts of the east, south and middle west. Dan Brothurs is wearing rubber shoes in behalf of the Giants and is scouting for them in the South. Tommy McCarthy, once Boston's star left fielder, is on the lookout for the Cincinnati Reds. Barney Dreyfus and Louis Heilbrener do the detective work for the Pittsburgh Pirates and Billy Gilbert, the Giant's old second baseman, is the Cardinal's agent. "Kid" Gleason is the Philadelphia scout for the Cubs and he has the Cubs have men on the road whose identity is kept secret.

STUBBS APPOINTED.

The balloon Sirius, which was flying over the Alps, the ship left here Sunday under the pilotage of M. Spelterine with three passengers. Fears were entertained for the voyagers' safety, but they have been dispelled by the receipt of a report that they have landed safely near Locarno, at an altitude of 5,400 feet. The four men, however, still have a dangerous path to cover on foot into Locarno.

The Sirius traversed Mount Blanc and soared over the Aiguille Verte. The highest altitude attained was 18,373 feet.

A successful balloon trip over Mount Blanc and the Alps was made in November of 1906, by two Italian aeronauts, in the balloon Milano. The greatest altitude reached on this trip was 20,500 feet and the rarified atmosphere made it necessary for the men to resort to oxygen to keep alive.
